**Main extracts from Crookes Social Club Risk Assessment of 2/9/20**

Identified Hazards	Who may be affected	Control measures
<b>Catching / Spreading</b>	Employees, client, public	<ul style="list-style-type: none"> <li>• Welfare facilities will contain suitable levels of soap and antibacterial gel.</li> <li>• Employees will be asked to wash hands with soap regularly and thoroughly, for at least 20 seconds.</li> <li>• Tissues will be provided for all employees. Employees should use their tissues when coughing or sneezing and then place the used tissue in the bin before washing hands.</li> <li>• Contact with personnel suspected of having caught COVID-19 will be avoided</li> <li>• Employees are reminded to not touch their eyes, nose, or mouth if their hands are not clean.</li> <li>• A cleaning schedule will be implemented throughout the site, ensuring that work surfaces, door handles, taps etc. are all thoroughly cleaned with an antibacterial cleaning substance hourly.</li> <li>• Employees will be told to self-isolate for 14 days should they find they have a new, persistent cough and/or a high temperature or other symptoms of Covid19</li> <li>• Should employees disclose that personnel living with them are self-isolating, they should be encouraged to do the same for 14 days as per Government guidance.</li> <li>• We will reduce the risk of aerosol transmission by altering the pitch of the fan heaters to prevent them blowing down onto the audience, by ensuring a through-flow of fresh air via the ventilators at the front and rear of the hall, and by limiting the numbers of people using the hall. In addition, we have removed the overhead rotating fans.</li> </ul>
<b>Employee foreign travel plans</b>	Employees, client, public	<ul style="list-style-type: none"> <li>• We will ask employees to inform us if they are leaving the country.</li> <li>• We will provide relevant government guidance in line with the area / country that they are visiting.</li> <li>• Self-isolation will be enforced in line with the area / country guidance.</li> </ul>

<p><b>Lack of awareness</b></p>	<p>employees, client</p>	<ul style="list-style-type: none"> <li>• Toolbox talks will be carried out for all personnel on site, warning them of the risks posed by the virus as well as the control measures outlined in this assessment and from government guidance. This will include informing personnel of the known symptoms.</li> <li>• We will continually adopt and review new government / WHO guidance as and when it is available.</li> </ul>
<p><b>Spreading the virus through movement around the club</b></p>	<p>Employees, client, and visitors</p>	<ul style="list-style-type: none"> <li>• At busy times only customers with a prior reservation will be permitted access to the premises.</li> <li>• Access and Egress routes will be clearly marked so as to minimise staff and customer cross-over.</li> <li>• All customers will be required to sit at a table.</li> <li>• If no tables are available, the customers will be refused access to the premises.</li> </ul>
<p><b>Transmission of Virus from Live performances Concert Room</b></p>	<p>Employees, client, public</p>	<ul style="list-style-type: none"> <li>• Prior to any performers arriving all rooms will be sanitised ready for use.</li> <li>• All performers will be required to use their own equipment and instruments.</li> <li>• Performers will be subject to social distancing regulations whilst setting up, performing and dismantling equipment</li> <li>• Spectators will be seated facing the stage. The first row of seats will be situated 3 meters from the front edge of the stage.</li> <li>• The use of brass and wind instruments will be actively discouraged. If these are necessary for the performance players will be required to position themselves so as to direct wind expulsion from the instrument into a clear area.</li> <li>• Any performance volume will be set suitable as to not require the audience to raise voices to communicate.</li> <li>• Seating capacities will be dictated by the space available following correct social distancing.</li> <li>• we will reduce the risk of aerosol transmission by altering the pitch of the fan heaters to prevent them blowing down onto the audience, by ensuring a through-flow of fresh air via the ventilators at the front and rear of the hall, and by limiting the numbers of people using the hall. In addition we have removed the overhead rotating fans.</li> <li>• If no table is available visitors will not be permitted entry to the venue.</li> <li>• Whenever possible visitors will be encouraged to wear a suitable face covering.</li> <li>• Any visitor showing symptoms of Covid-19 will be asked to leave immediately.</li> </ul>

		<ul style="list-style-type: none"> <li>• Following all performances, the room will be sanitised prior to reuse.</li> </ul>
<b>Spreading the virus through movement around the club</b>	Employees, clients, and visitors	<ul style="list-style-type: none"> <li>• At busy times only customers with a prior reservation will be permitted access to the premises.</li> <li>• Access and Egress routes will be clearly marked so as to minimise staff and customer cross-over</li> <li>• All visitors will be required to sit at a table.</li> </ul>
<b>Spreading the virus during Bar access.</b>	Employees and Clients	<ul style="list-style-type: none"> <li>• Customers to be clearly shown where to access the bar and where to wait for bar service.</li> <li>• Drinks and cash will be passed from Customer to Staff and Vice Versa via the use of trays.</li> <li>• Sanitiser will be located at the bar for both staff and customer use.</li> <li>• Protective screens have been installed at all service points.</li> </ul>
